

Anleitung Kamera App Cam Viewer

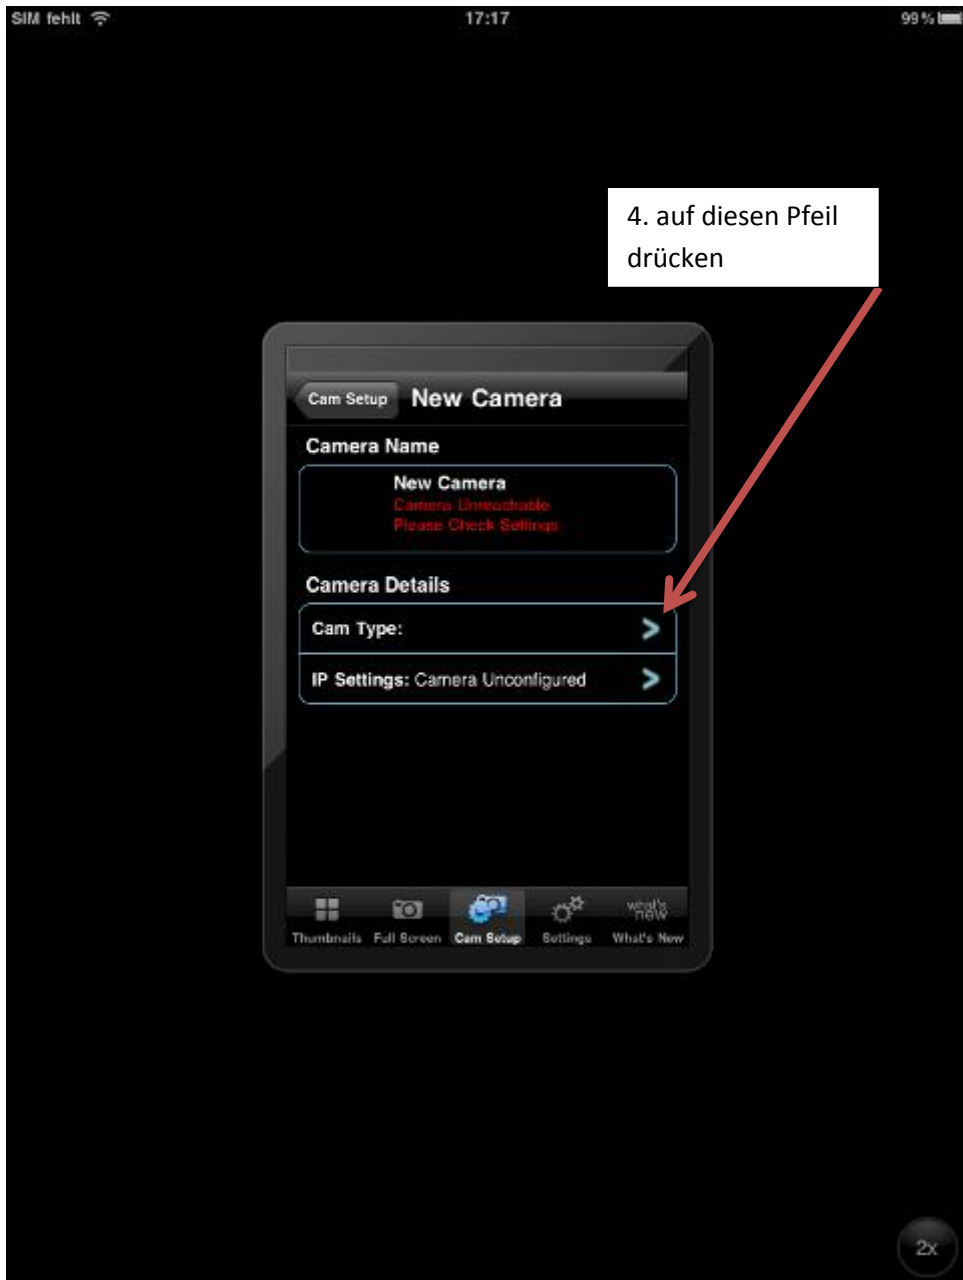

1. Cam Viewer im App Store herunterladen.

2. auf Add
Cam drücken

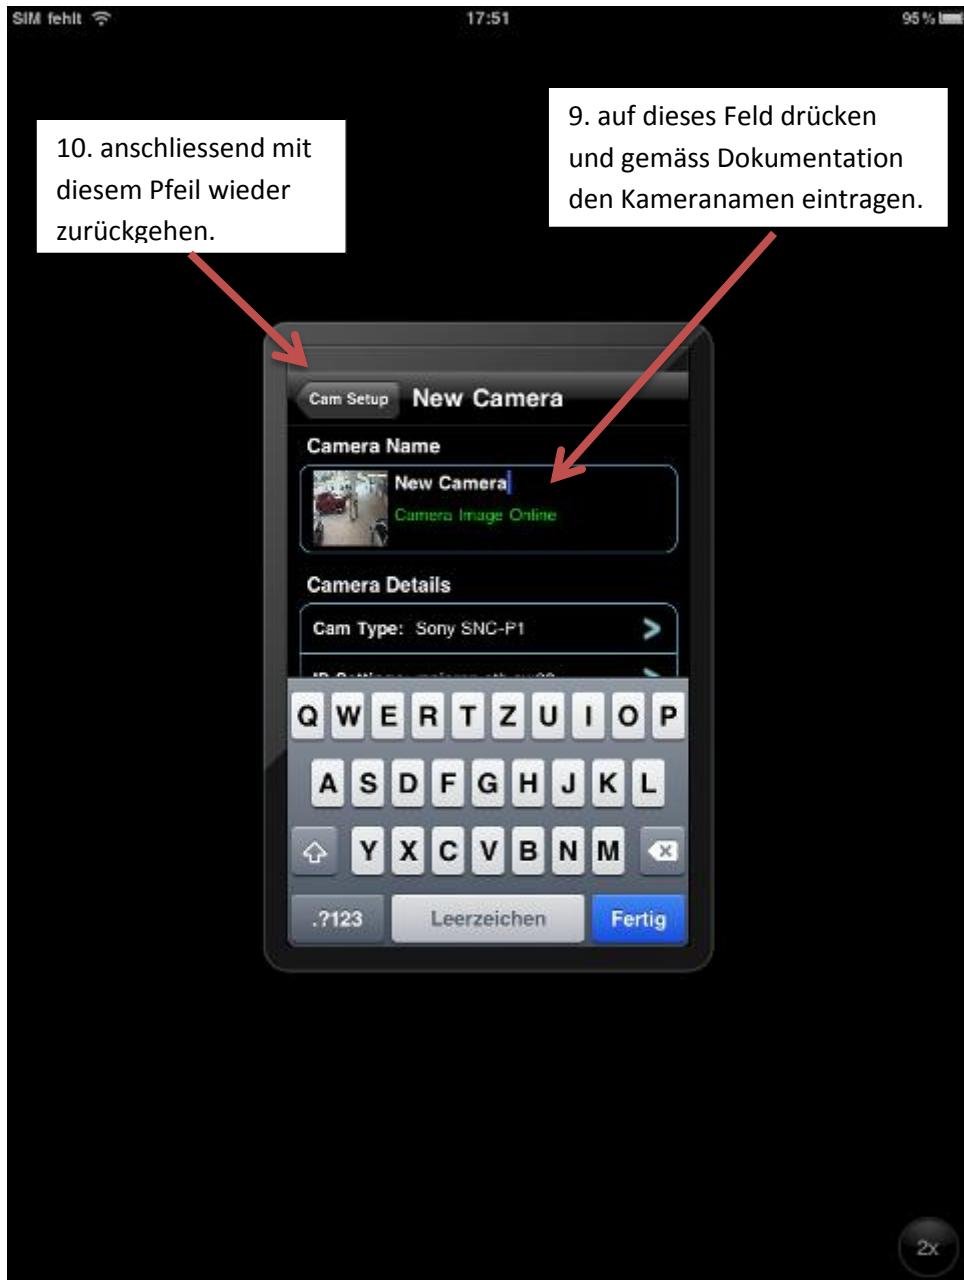

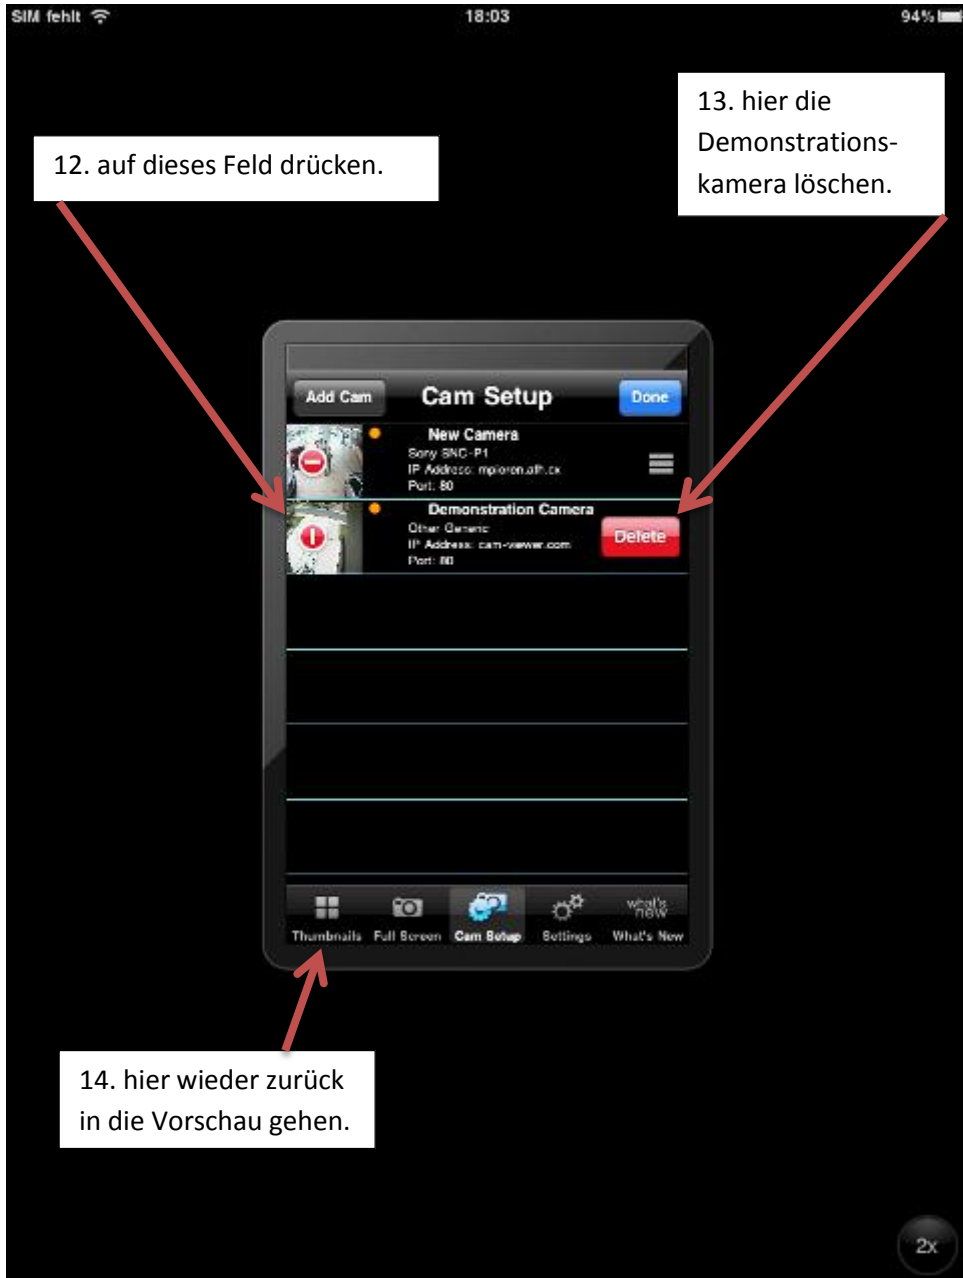

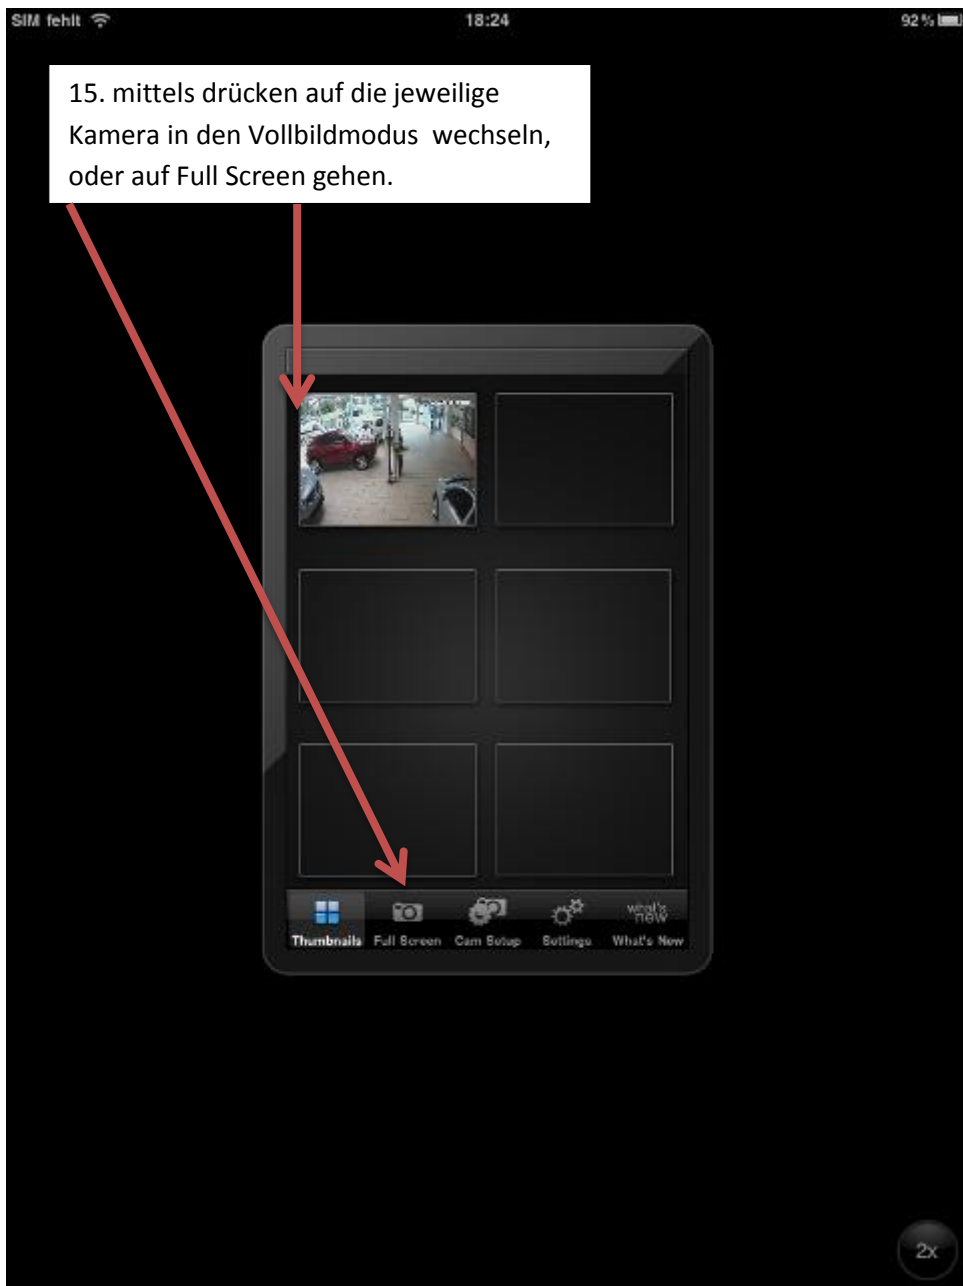

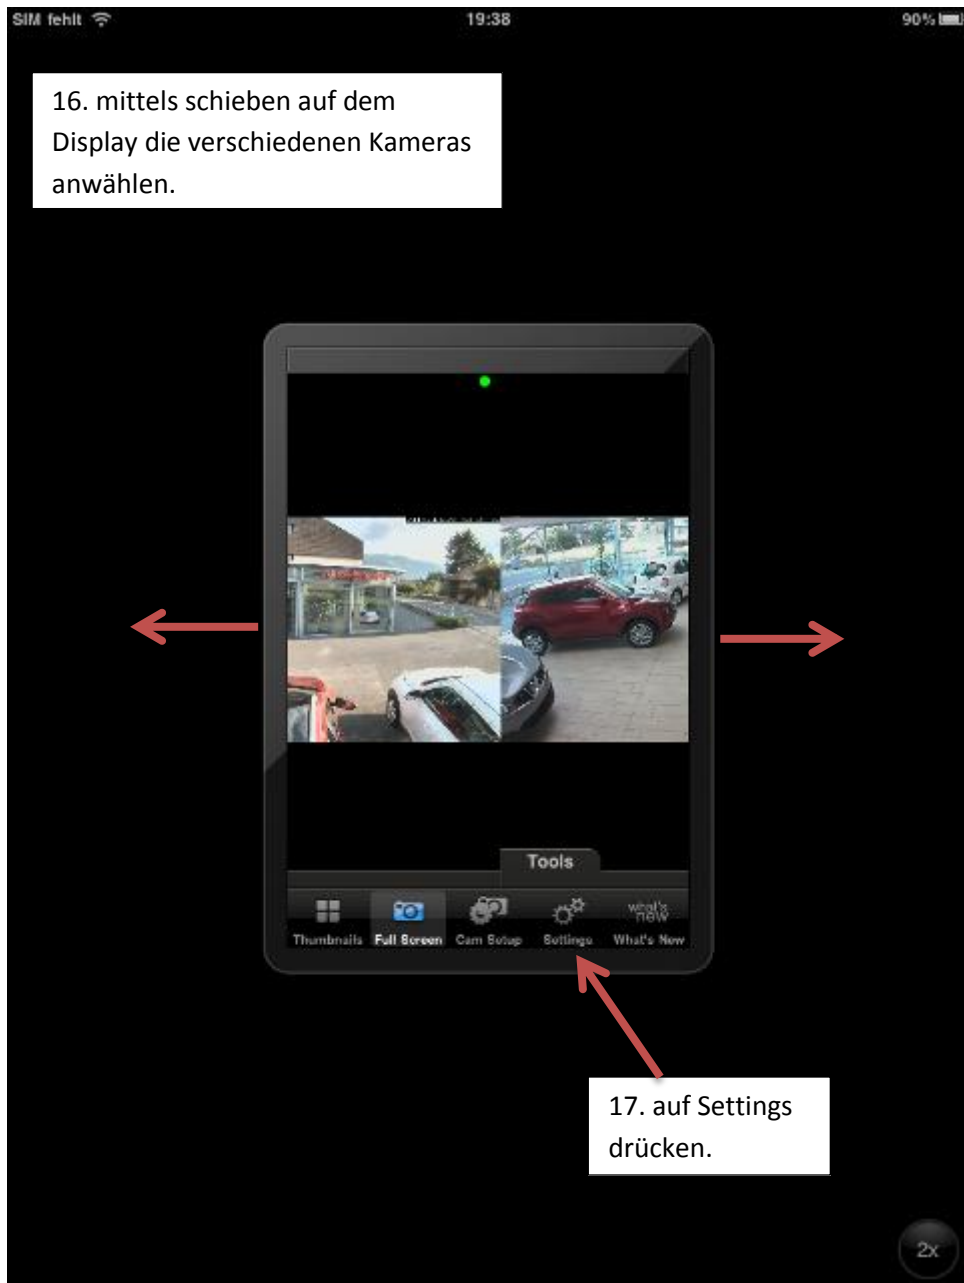

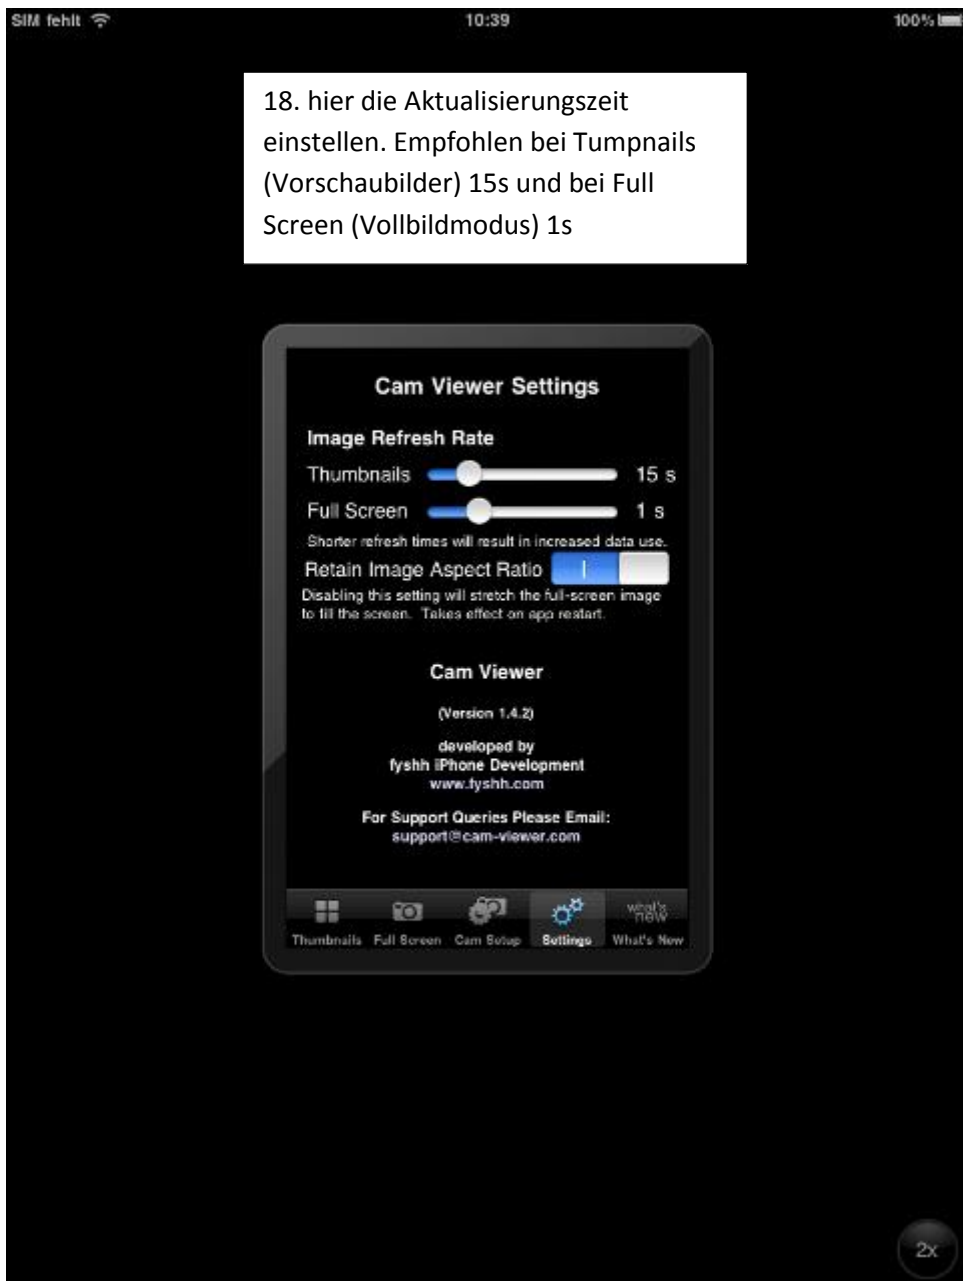

18. hier die Aktualisierungszeit einstellen. Empfohlen bei Tumpnails (Vorschaubilder) 15s und bei Full Screen (Vollbildmodus) 1s

Cam Viewer Settings

Image Refresh Rate

Thumbnails 15 s

Full Screen 1 s

Shorter refresh times will result in increased data use.

Retain Image Aspect Ratio

Disabling this setting will stretch the full-screen image to fill the screen. Takes effect on app restart.

Cam Viewer
